Day 1 Program - 15th September 2009

8:00 – 8:50am	REGISTRATION
	Mantra Legends Hotel, Surfers Paradise
8:50 – 9:00am	Welcome Michael Hardman, OSUG Chairman Welcome & Open Spatial Update Anthony Jahshan, Managing Director, Open Spatial Australia
9:00 – 9:20am	<i>{The Managing Director of Open Spatial Australia will officially welcome the delegates of the 2009 Open Spatial User Forum to the Gold Coast. Included in the welcome is an update on the past year at Open Spatial, this will include news on customers, staff and events during the year as well as a forward looking statement on the business and the industry.}</i>
9:20 – 10:00am	Keynote Address {Jim Martin}, {Water Reform Consultant – Ex CEO North East Water} <i>{Under 'Down Under' leads the world with institutional reform – Tasmanian Water Reform in perspective}</i>
10:00 – 10:30am	MORNING TEA SPONSORED BY
	Breakout Area
10:30 – 11:00am	User Presentation {Philip Nell, GIS Coordinator}, {Wannon Region Water Corporation} <i>{“Using FME to create derived data to answer some specific questions from Wannon Water’s GIS users”}</i>
11:00 – 11:30am	User Presentation {Stephen Males, GIS Officer}, {Fairfield City Council} <i>{Civica Authority Integration}</i> <i>{The benefits and advantages of integrating spatial information to corporate property, rates, building and development applications, customer requests, licence and register information.}</i>
11:30 – 12:00pm	Open Spatial Presentation {Anthony Jahshan, Managing Director}, {Open Spatial Australia} Mission Critical Applications and GIS. <i>{This presentation is based on a paper written by Anthony Jahshan and published in the August Issue of Position Magazine, the paper discusses an observation on where GIS fits into the corporation priority of critical applications. It looks at where GIS fits into that spectrum and what needs to happen for GIS to gain heightened visibility at the executive management level. Will your organisation escalate GIS to a tier one application? Or will it wait for the next disaster that asks questions that can only be answered spatially?}</i>
12:00 – 1:00pm	LUNCH SPONSORED BY OPEN SPATIAL AUSTRALIA
1:00 – 1:30pm	User Presentation {Chris Buck, Assets & Maintenance Planner}, {Westernport Water} <i>{GIS to SCADA, AMS, Billing and Corporate Systems}</i>
1:30 – 2:00pm	User Presentation {David Keenan, Spatial Systems Administrator}, {City West Water} <i>{GIS Integration Overview}</i> <i>{The high level presentation will outline the lead up to the implementation of Munsys and Enlighten at City West Water. David will discuss business strategy with regards to GIS and the associated required integrations. Also covered will be the diverse user base and its extent across the business and where we are heading after having the products deployed for over 12 months.}</i>
2:00 – 2:30pm	User Presentation {Andy McKoy, GIS Development}, {Barwon Water} <i>{Developing Pressure Zones}</i>
2:30 – 3:00pm	AFTERNOON TEA SPONSORED BY
	Breakout Area
3:00 – 3:30pm	User Presentation {Collin James, Senior Draftsperson }, {Jason Ip, Operations Engineer}, {Riverina Water County Council} <i>{Generation of Hydraulic Models – Riverina Water Experience}</i> <i>{This presentation outlines the methodology and experiences of how Riverina Water recently rebuilt and calibrated its hydraulic model of Wagga Wagga water supply system utilizing data primarily from GIS and other information systems . The presentation includes the hydraulic model building and demand allocation processes and outlines various strengths and weaknesses of Riverina Water’s information systems.}</i>
3:30 – 4:00pm	User Presentation {Royce Toohey, Engineering Manager}, {Eurobodalla Shire Council} <i>{Eurobodalla Shire Council has revalued their road network. Royce will outline the steps the asset team took to move their data from a road based MS Access Database to a segment based system and subsequent transfer to the Munsys Road Module.}</i>
4:00 – 4:30pm	User Presentation {Kaye Stone, GIS / Asset Officer}, {Orange City Council} <i>{Paperless Asset Management reporting through the use of GPS Trimble, Munsys and Enlighten}</i>
